December 25-January 5- Christmas Break

January 8- School resumes, start of 3rd Quarter

January 15- MLK Day- No School (unless a snow make-up day)

Welcome back, everyone. Our students came back after Thanksgiving break and really got into the swing of things. Our robotics teams are nearing the time of competition. The robots have been constructed and now they are practicing on the field to meet the tasks. The Robotics program is in its second year. We had such a great response that we added two more teams. The first of the events will take place next Saturday, December 9. Great work, everyone!

It seems as if Christmas Season begins earlier and earlier each year. At St. Lawrence we are celebrating Advent with the kick-off for the Season this weekend. Advent is a season of preparation recognizing both the fact that Jesus once arrived on Earth, and that he is going to return again. In the Catholic Church the official Christmas Season directly follows the Advent and goes all the way through until January 8 with the Feast of the Baptism of the Lord.

On December 9 our PTO will be hosting our annual "Snacks with Santa". This wonderful event will take place from 10-12 Saturday morning. Santa will be there with the opportunity for families to take their own pictures with him for free. Snacks and crafts will also be available for everyone who attends. The event is open to any family in the community. Please spread the word!

Yesterday our students brought home a permission slip for them to be able to go over to the LHS Auditorium on Tuesday and Thursday of next week. Our school Christmas Program will be on December 10 at 2:00, doors will open at 1:30 for seating. The Christmas Program is a part of your child's music grade, and the students are expected to attend.

We are experiencing some unseasonably warm weather, but there is snow forecasted in the 10 day outlook. Please remember that we will always follow the lead of Lawrenceburg School Corporation. With any closing or delay I will send you a text notification, an email, post it on Facebook, and post it on Twitter. I will also contact television channels 5, 9, 12, and Eagle Country online. Many times the decision to delay or cancel comes in the 5:00 hour, so I try to get the news to you as quickly as I can.

With the cold weather approaching, it is important for our students to be prepared to go outdoors. We usually try to go outside if the weather is not too cold and the blacktop is not too slick. So far, many students are just wearing sweatshirts onto the playground. It has been okay thus far, but can become an issue if the weather gets colder. Please double check the weather forecast and make sure that your child has the proper gear for recess. Thanks!
